

Shubham Gurav

Flutter Developer | 2 Years Experience

+91 8433585327 · guravshubham864@gmail.com · Mumbai, India · shubham-professional-profile.netlify.app

PROFESSIONAL SUMMARY

Flutter Developer with 2 years of experience building scalable, cross-platform mobile applications for iOS and Android. Proficient in state management (Riverpod, GetX, Provider), Firebase, RESTful API integration, and MVC architecture. Proven ability to deliver pixel-perfect UIs in agile, cross-functional teams across diverse industry domains.

PROFESSIONAL EXPERIENCE

Vervali Systems Pvt. Ltd.

Flutter Developer

Mumbai, India

Jun 2024 – Present

- Developed and maintained cross-platform mobile apps (iOS & Android) using Flutter across 5+ production projects.
- Applied Riverpod, GetX, and Provider state management based on project architecture requirements.
- Collaborated with UI/UX designers and backend engineers to deliver scalable, pixel-perfect applications.
- Participated in sprint planning, requirement analysis, and client communication for timely delivery.

Branding Catalyst Pvt.

Mobile Developer Intern

Mumbai, India

Mar 2024 – Jun 2024

- Built iOS and Android UI screens, translating design mockups into production-ready Flutter components.
- Integrated backend services for push notifications and data synchronization across mobile platforms.
- Gathered customer feedback to identify and implement UX improvements in existing applications.

TECHNICAL SKILLS

Mobile Development:	Flutter (iOS & Android), Dart
State Management:	Riverpod, GetX, Provider, MVC
Backend & Database:	Firebase, Firestore, MongoDB, RESTful APIs
Tools & Platforms:	Git, GitHub, VS Code, Android Studio, Unity (AR integration)
Soft Skills:	Agile/Scrum, Client Communication, Problem-Solving, Team Collaboration

KEY PROJECTS

Parking App

- Real-time parking space selection with live availability updates for multi-floor buildings.
- Built ticket raising, approval workflows, and role-based access for admins and users.
- Integrated RESTful APIs for ticket management, status tracking, and push notifications.

ARchitect App

- Flutter + Unity AR app for room scanning and 2D/3D architectural visualization from floor plans.
- Managed Flutter–Unity data exchange, onboarding flow, auth, and AR rendering optimization.
- Improved AR performance and memory management for mid-range Android and iOS devices.

SFE Pharma Application

- Field force app for pharma reps to manage doctor visits and product detailing on the go.
- Built offline-first local DB, voice-triggered product search, and PDF/video presentation handling.
- Integrated sync APIs to push offline data to the central server upon reconnection.

Gigloca App

- Social networking platform connecting users with local events, venues, and communities.
- Implemented event discovery, live feeds, social interactions, and GetX state management.
- Optimized list rendering and API response handling for a smooth, low-latency experience.

Co-brandly Application

- Digital content management app for distributing branded marketing assets (PDFs, PPTs, images).
- Implemented secure login, role-based content access, and media download/share features.
- Structured app with MVC architecture and GetX for clean state management and API integration.

Gamistaan Mobile Application

- Gaming platform — delivered critical hotfixes and improved API integration under tight deadlines.
- Resolved multiple UX issues improving session engagement, stability, and overall app performance.
- Ensured smooth user experience by proactively identifying and addressing production bugs.

EDUCATION

Bachelor of Science – Information Technology

K. P. B. Hinduja College of Commerce & Economics, Mumbai

Jun 2025
